

People write a thing called a 'Will' which says where their money should go after they've died.

People sometimes leave money to Barnet Mencap.

Money like this means we can keep on doing good work and we are thankful when this happens.

Lots of people would like to support a charity, but most people don't get around to it.

If you would like to help Barnet Mencap in your Will, we have a pack that tells you how to do it.

To find out more, call **Project Support** on
